## High Resolution, Transparence,Brightness

Smallest pixel pitch P3.9mm, support higher resolution contents,With side emitting features, make higher transparence, transmitting,ventilate,5500nits brightness, it will works well when it is strong sunshine.

## Easy installation & maintain

Plug type design data and power cable. easy connect and work.Clamshell design on back side, fast assemble and disassembly.Support single strips replacement, fast maintains, make maintains cost more lower.

## Standard cabinet design simple and pretty

Standard cabinet size:1000mm\*1000mm, simple and pretty. easy installation,Cabinet thickness only 61mm, side thickness only 43mm. Standard production, short lead time. Standard cabinet easy and fast assemble into huge display.

## SkyFlex Commercial Display Solutions

SkyFlex commercial display solutions focus on brand communication and information delivery in key venues such as shopping malls, retail chains, and transportation hubs. Centered on high-definition display, lightweight installation, and smart management, we build flexible and efficient visual systems for business.

### ► System Advantages

#### Outstanding Visual Quality

Features wide color gamut and low-power consumption LEDs for accurate color reproduction and high-quality content presentation.

#### Lightweight & Flexible Deployment

Modular lightweight design enables quick installation and adapts to various commercial spaces and curved surfaces.

#### Intelligent Centralized Control

Supports remote management, content distribution, and status monitoring, improving operational efficiency and reducing costs.

### ► Key Features

#### Versatile Display Modes

Enables split-screen, roaming, and dynamic switching for diverse needs like advertising, promotions, and live information.

#### Ambient-Friendly Design

Low noise and anti-glare features integrate seamlessly into indoor environments, enhancing customer immersion.

#### Reliable Long-Term Operation

Energy-efficient and robust design ensures stable 24/7 performance for sustained brand exposure.

**SkyFlex delivers clear, flexible, and intelligent LED display solutions that help businesses elevate brand presence, enhance customer experience, and create engaging commercial environments.**

► Application

Shopping Mall

Exhibition Hall

Airports

Church

Museum
